Garden State Games - Ice Hockey

WELCOME HOCKEY FANS!!!!

It is a true pleasure for me to welcome you to the 7th Annual Garden State Hockey Games. I will guarantee you that this will be the most exciting event we have put on in our seven year history. We are at a new and beautiful location and have assembled the finest amateur high school age talent in the state of New Jersey. I know that the caliber of competition will be fierce. To once again have this many elite athletes in one event is superb.

I gratefully thank the Garden State Games Inc Staff, the New Jersey Devils, Peter Mancuso, the Mennen Arena staff, our advertisers, the officials, my administrative staff, the "Morristown Garden State Games Committee", Glenn Hefferan, Rich Connors, Mary Ellen Gesner, Jennifer Plunkett and Dick Trimble. A very special thanks must also be given to Tom Arnold and Ray Murray for their efforts this year. I also want to thank Ken Gesner for his continued support, without which these games would not be possible.

On behalf of the players, coaches, managers, administrators and officials, thank you for coming. We hope you enjoy Garden State Games - Ice Hockey VII, and that it will live up to your expectations.

Jim Plunkett
Director

AMATEUR HOCKEY ASSOCIATION OF THE UNITED STATES-

HAS ONE BASIC FUNCTION: To coordinate the country's Amateur Hockey program. Under this broad concept, the A.H.A.U.A. . .

- registers players, officials and teams.
- works with rink operators on problems concerning their amateur hockey programs.
- conducts Regional and National Championships in the various age classifications.
- promotes uniformity in playing rules and their interpretation.
- assists and supports State and District Associations in the conduct of their programs.
- provides a "clearing house" for information on problems and their solutions in each team and player classification.
- presents Hat Trick, and Zero awards to qualified players.
- sponsors and conducts programs and clinics for referees.
- sponsors and conducts programs and clinics for coaches.
- makes available an insurance program with the highest possible benefits at the lowest possible cost.
- distributes rule books.
- issues monthly bulletins presenting items of interest in the various programs.
- publishes an "annual guide". . .including rules and regulations of the association, officers, last year's records and champions, etc.
- gives recognition to volunteer workers through a "Citation Award".
- is the exclusive member of the International Ice Hockey Federation and the United States Olympic Committee.
- organizes and trains the U.S. National and Olympic hockey teams for competition in the world Championships and Olympics.
- participates in the International Ice Hockey Federation to assist in administrating hockey activities throughout the world.
- sanctions players who wish to play in foreign countries.
- coordinates playing relations with the Canadian Amateur Hockey Association.
- coordinates activities of mutual interest with Professional Hockey.
- studies and reviews protective equipment.

ATLANTIC AMATEUR HOCKEY ASSOCIATION

HAS THE SAME BASIC FUNCTION AS A.H.A.U.S. for the local area of New Jersey, Delaware and eastern Pennsylvania. . .

- Is the official A.H.A.U.S. Affiliate for this area.
- Provides the structure required for maximum benefits to Youth Hockey.
- Publishes annually the A.A.H.A. Official Guide, the almanac for amateur hockey in three states.
- Provides assistance and guidance for League formation and continuance.
- Sponsors district, Regional and National Tournaments at all age classification levels.
- Sponsors District Tournaments for "B", "C" and "House League" teams.
- Promotes **Officiating** and **Coaching** Clinics throughout the District.
- Provides representation at the National level.
- All registered teams participate in the selection of YOUR Board of Directors.
- Each registered team representative receives a free subscription to "Hockey and Arena" magazine which carries in it the monthly A.H.A.U.S. Newsletter.
- Works with professional hockey organizations.

ONE REGISTRATION GIVES YOU BOTH A.H.A.U.S. AND A.A.H.A.

WELCOME
To The
1989
GARDEN STATE GAMES
ICE HOCKEY TOURNAMENT

This is the world's fastest sport with New Jersey's finest High School age competitors. It is open to any New Jersey resident with one year of high school eligibility remaining. The athletes & coaches have prepared and are ready to thrill you with eight days of ice hockey at its best.

ENJOY!

OFFICIATING AT THE GARDEN STATE GAMES
by Vin Godleski, AHAUS Referee-in-Chief

QUALITY

As the level of Ice Hockey competition increases the need for quality officials increases. The efforts for the officials to keep pace with players development are as diligent as they are for the players and their coaches.

If the officials (and the teams) are doing a good job you'll never pay much attention to the referee and linesmen. We hope that will be the case again this year. But if you do stop to watch them for a line shift or during a time out you probably won't see the "same old faces".

OPPORTUNITY

It has been my policy as Referee-in-Chief of the Atlantic District to use the best, most enthusiastic young officials possible. This has worked out well in the vast majority of the tournament, mid-season and play-off games where we have appointed a junior official in place of a proven veteran.

TRAINING

Local and National Camps, Schools and clinics are conducted throughout the season. Every district Official must attend a clinic each year. This gives them an opportunity to brush up on the rules, get in shape and improve their skating. National Summer Camps are held for the top young prospects. The past five seasons the Atlantic District has had as large representation as any AHAUS District.

SUPERVISION

Each Tournament game will be attended by a game supervisor as is done in Division 1 college games and the NHL. It is their job to provide effective feed-back to the on-ice officials. They will share their observations with the game officials either between periods or after the game, which ever they judge will be most effective.

The referee on the ice is in full charge and his decisions and actions are final. However, the game Referee-in-Chief's job is to provide an additional resource for the referee if the referee chooses to use him to answer questions, relay directions or help him get things done with the rink crew or teams.

COMPETITION

The competition to participate in the Garden State Games is as intense for the officials as it is for the players. Almost since the end of last season a large number of young men have

been training and conditioning for the games.

Several Atlantic District referees participated in the AHAUS National Officials School held at the Olympic Training Center in Lake Placid, NY in mid June. These men were selected in a nation wide competition. Using their new skills and experience gained at these National Camps to work during the games will be:

Jay Butterfield
Bob Triebe

Hackensack
Jersey City

SO YOU'D LIKE TO BE A REFEREE ?

We'd like you to become one!

'We're looking for a few good people" , as the Marines say. If you think you'd like to try being a ref, give us a call. As long as you can skate fairly well and have the players best interests at heart, you can do it! Come on out!

The process is simple:

1. Get an application, rule book and rules exam
2. Participate in a local clinic
3. Let your local league and teams know you're interested and available.

To get an application contact your local supervisor of officials and arrange to get to a clinic:

1988-1989 UPCOMING CLINICS & LOCAL SUPERVISORS

Referee training sessions for beginning and advanced ice hockey officials will be held in 18 locations throughout the district this fall. Prospective new officials, coaches and interested administrators and parents are welcome in addition to all experienced officials.

It is important:

- . The rules have not changed this year but you'll get all the changes and the latest interpretations,
- . You will meet the league assigners and improve your chances of getting all your games scheduled early,
- . You will get a jump on completing the Open Book Rules exam and get ready for the Level 4 Closed Book test,
- . Plus - it is mandatory for officials to participate in a clinic to be registered and eligible to be assigned games.

Dates are still approximate until ice time can be scheduled.
Check with the area supervisor nearest you or Hockey Central
215-389-9444 for the latest information.

Rink	Date (approximate)	Area Supervisor	Telephone

RULE APPLICATION 1988-89

The AHAUS Playing Rules Enforcement Policy has been in effect for 4 seasons now. It is intended to help players and coaches anticipate what the referees will call and provides criteria for the officials in deciding what to call. They are very close to the Guidelines which have been enforced successfully by the NCAA colleges for the past three seasons too. They are important!

POINTS OF EMPHASIS

The skills of the players are to be emphasized, not force and violence. All referees have been directed to become more of a factor in the games, if necessary, to help eliminate specific areas that detract from our American Youth Game.

The AHAUS areas of emphasis are:

1. Stick infractions - High sticking and slashing
2. Elbowing
3. Roughing
4. Cross checking
7. Checking from behind and late hits
8. Interference - Hooking
9. Respect for the officials

Current schedule includes a collegiate schedule and
tournament play in Boston Area and Canada.

(cut along line)

**SYMBOL OF EXCELLENCE IN METAL POWDERS
AND PIGMENTS BACKED BY OVER 60 YEARS OF
FINE QUALITY PRODUCTS.**

When powder metallurgy was in its infancy over 40 years ago, there were skeptics who doubted that effective, durable parts could be made from this technology.

In addition to these special infiltrating powders, we have a broad spectrum of non-ferrous P/M powders: copper, brass, bronze and
