ABOUT PEDDIE

The Peddie School, in the Borough of Hightstown, New Jersey 08520 (Telephone 609-448-0997), is a college preparatory, coeducational boarding and day school for Grades 8 through 12. The town, with a population of 4800, is surrounded by farms and woodlands and is located ten miles east of Princeton at Exit 8 of the New Jersey Turnpike, midway between New York City and Philadelphia. Peddie offers "curricular, recreational, and social programs that will discover and develop the strongest facets of each student's personality."

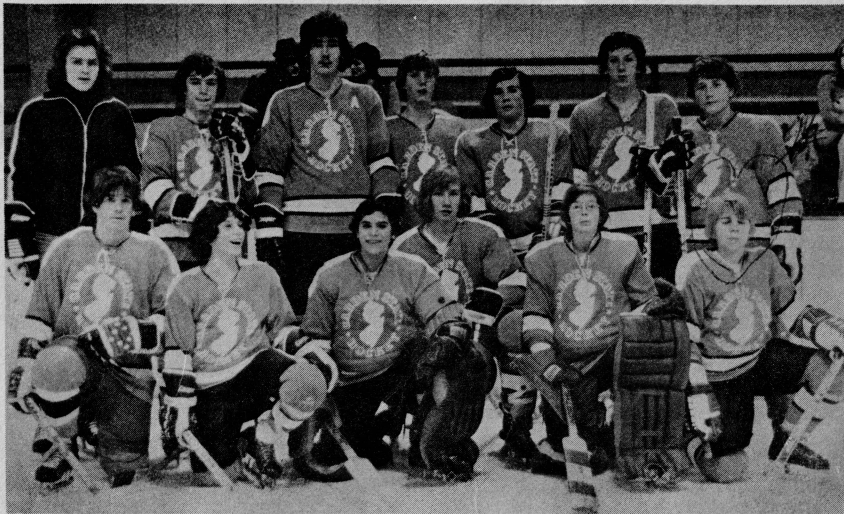

Peddie was founded in 1864 by the Baptist Group in New Jersey and is controlled by a Board of Trustees, self-perpetuating and limited to 24 in number, with provision for alumni representation. The plant is valued at approximately \$10,000,000, and the invested endowment is \$3,500,000. Peddie is accredited by the Middle States Association of Colleges and Secondary Schools and the New Jersey State Department of Education. It holds membership in the Educational Records Bureau, the National Association of Independent Schools, and the Cum Laude Society.

ATHLETIC DIRECTOR'S MESSAGE

Ice Hockey is an exciting sport and particularly rewarding to players and coaches. Many sacrifices are made to prepare for competition and for the benefit of the team. It is this dedication and extreme fine tuning that has urged Peddie to host its first hockey tournament. We organized it with the enthusiasm and pleasure and hope you feel this same electricity. We thank you for participating and wish everyone much enjoyment and success.

Yours in sports,
Harry J. Oxford
Director of Athletics
